

## VW Golf VII GTI 2.0TSI 230HP

1. Box type: VT401200-040.

2. Find two plugs for manifold pressure sensors. Disconnect them and connect box adapters between. It's easy to access to one of them from the bottom of the engine after removing lower engine dust shield.

3. If box is equipped with yellow-red wire connect it to positive terminal in an engine compartment.
